WELCOME INTRODUCTION

Dear partners and sponsors,

On behalf of the Scientific and Organizing Committee, it is my great honour and pleasure to invite you to support the organization of the **30th Croatian Meeting of Chemists and Chemical Engineers (30HSKIKI)**, which will be held **from 6 to 9 April 2027** in **Dubrovnik (Sheraton Dubrovnik Riviera Hotel, Srebreno)**. We expect about 500 participants at the Meeting, including foreign scientists. This is the most important conference of chemists and chemical engineers in the Republic of Croatia, which has been held biennially since 1969.

The purpose of the Meeting is to present scientific and professional activities in the field of chemistry, chemical engineering and related scientific disciplines with a special emphasis on promoting STEM fields, interdisciplinary approach and the application of science in the development of advanced materials, environmental protection and the development of sustainable technologies. The Meeting will bring together scientists and experts from universities, research institutes, schools and industry, both from Croatia and abroad. Exchanging experiences and promoting the latest achievements through lectures by world-renowned scientists is the most effective way of disseminating new knowledge, ideas and technologies. During the Meeting, presentations of reputable companies, an exhibition of chemical industrial and laboratory equipment and instrumentation, and an exhibition of computer equipment, software and literature will be held.

You could support the organization of 30HSKIKI as a sponsor, donor or exhibitor, whatever suits your business profile and interests best, thus contributing to its successful organization. Such a Meeting would be not only a central scientific event for all chemists and chemical engineers in Croatia and beyond, but also a business event *par excellence*.

Chair

GENERAL INFORMATION

APRIL 6–9, 2027 • SHERATON DUBROVNIK RIVIERA HOTEL • SREBRENO, CROATIA

Web: <https://30hskiki.org> | email: hskiki@fkit.unizg.hr

30th Croatian Meeting of Chemists and Chemical Engineers, organised by the Croatian Society of Chemical Engineers and Croatian Chemical Society, offers four specially designed sponsor packages (Platinum, Gold, Silver and Bronze), along with plethora of individual sponsorship opportunities.

The Platinum sponsor will be officially recognized as the main contributor to the 30HSKIKI and shall obtain an attractive package of individual sponsorship items. The packages for all other sponsors (Gold, Silver, and Bronze) are tailor made (pages 8, 9 and 10), but the Meeting organiser will do every effort to adapt them to the special needs and interests of the sponsors. Individual exhibition packages with corresponding prices are given on pages 13 and 14.

To book your sponsorship, please send an email to hskiki@fkit.unizg.hr. All prices in this booklet are given in **EUR (VAT not included)**.

WHY BECOME A SPONSOR?

- Four sponsor packages
- Exhibitions packages
- and more...

What can you expect?

- 400+ representatives of the 30HSKIKI community. The structure of the conference will attract a broad audience covering industry, university, institutes, and chemicals and instrumentation vendors.
- A new structure of the programme, including brand new Sponsored Sessions designed to best highlight the know-how of your organization.
- 8 hours of daily non-stop visibility in our revisited exhibition area located right outside the conference rooms.

Interested in learning more?

- Our sponsorship packages offer you a wide range of opportunities adapted to your needs and the level of visibility that you want to reach.
- Our Sponsorship Team is available for any questions you may have.
- Also, in addition to existing packages, tailor-made partnerships can be created to adapt to your specific strategy and goals, whether looking for a high level of visibility before and during the Meeting or targeting a specific audience.

THANK YOU FOR YOUR SUPPORT

Join us for 30HSKIKI!

The **30th Croatian Meeting of Chemists and Chemical Engineers (30HSKIKI)** is organized by the Croatian Society of Chemical Engineers and the Croatian Chemical Society in **Srebreno, Dubrovnik, Croatia, from 6 to 9 April 2027.**

Since its first edition in 1969, the Meeting has been traditionally organized biennially. It gathers around 500 chemists and chemical engineers from Croatia and neighbouring countries, coming from academia, institutes and industry, which actively contribute to the success of the meeting with posters and oral presentations. An exhibition of chemical industrial and laboratory equipment and instrumentation, computer software and hardware, literature and other relevant material, will be organized as an accompanying manifestation. The official language of the Meeting is English. In the education section, papers in Croatian are permitted.

The Meeting will be organized in the following sections: *Chemistry, Chemical and Biochemical Engineering, Materials, Environmental Protection, and Education.*

Croatian Meetings of Chemists and Chemical Engineers have a long history of hosting distinguished scientists as plenary lecturers. During the last fifty years, we were honored by talks given by many Nobel laureates, like V. Prelog, R. Huber, J.-M. Lehn, R. Ernst, A. Yonath, D. Shechtman, and B. Feringa, as well as many other world known scientists, such as P. W. Atkins, G. Baldi, R. Darton, B. Delmon, G. F. Froment, R. Gani, J. M. Le Lann, L. Riekert, D. W. T. Rippin, E. U. Schlunder, K. Schugerl, K. B. Wiberg, M. Zlokarnik...

The full-length papers of scientific contributions presented at the Meeting will be gladly considered for publication in the following journals: *Chemical and Biochemical Engineering Quarterly* and *Croatica Chemica Acta.*

In addition to the scientific program, the enchanting town Dubrovnik will ensure our guests and participants enjoy the beauties of Dalmatia. Dubrovnik is a city in southern Dalmatia, Croatia, by the Adriatic Sea. It is one of the most prominent tourist destinations in the Mediterranean, a seaport and the centre of the Dubrovnik-Neretva County.

Thank you for your support!
